LuxWALK

Luxury Vinyl Flooring Underlayment

LuxWalk is a luxury vinyl flooring (LVF) underlayment that enhances the function and durability of your Luxury Vinyl Floor covering. Given enough time and pressure, LVF can easily be dented or randomly compressed to the base it rests on. Because of its ultra-sleek, heavy-duty design and blend of post-consumer recycled content, LuxWalk can help to minimize impressions and indentations that can occur with Luxury Vinyl Flooring. Additionally, LuxWalk offers excellent acoustical performance which helps dampen ambient sound in the room in which it is installed and to the rooms below.

Benefits of *LuxWalk*

- For floating and glue-down applications
- Radiant Heat installation ready
- Absorbs impact sound and floor-to-ceiling noise
- 25-mil film barrier is an excellent moisture blocker
- Full film coverage, full protection for LVF covering
- Available as Do-It-Yourself rolls for ease of installation
- Environmentally responsible – made of materials from discarded water bottles diverted from landfill, lakes and rivers*

**31% post-consumer recycled materials.*
